AD-HERE[†]

SPRAY ADJUVANT

STORAGE AND DISPOSAL

Keep out of reach of children

Store in the closed, original container, in a well ventilated area, out of direct sunlight. Triple, or preferably pressure rinse containers before disposal. Add rinsing to spray tank. Do not dis-pose of undiluted chemicals on site. If recycling, replace cap and return clean containers to recycler or designated collection point.

If not recycling, break, crush, or puncture and deliver empty packaging for appropriate dis-posal to an approved waste management facility. If an approved waste management facility is not available, bury the empty packaging 500 mm below the surface in a disposal pit specifically marked and set up for this purpose clear of waterways, desirable vegetation and tree roots, in compliance with relevant Local, State or Territory government regulations. DO NOT burn empty containers or product.

SAFETY DIRECTIONS

May irritate the eyes and skin. Avoid contact with eyes and skin. Avoid inhaling vapour or spray mist. When using the product wear protective clothing. After use wash thoroughly with soap and water. After each days use wash contaminated clothing. WHEN USING TOGETHER WITH OTHER CHEMICALS CONSULT THEIR SAFETY DIRECTIONS.

FIRST AID

If poisoning occurs, contact a doctor or Poisons Information Centre. Phone Australia 13 11 26. If swallowed, do NOT induce vomiting. Give a glass of water.

For applicable packs

DIRECTIONS FOR USE :**PRODUCT DESCRIPTION**

Ad-Here is a blend of highly refined mineral oil and non-ionic emulsifiers that is suitable for use as a Spray Adjuvant with certain Defoliants, Herbicides and Insecticides when oil based adjuvants are specified on their label.

IMPORTANT

Prior to use, read all directions on this label and on the label of the product it is being used with. The active chemical manufacturers label for usage and restrictions have precedence over directions for use referred to on this label.

SPRAY APPLICATION

Ad-Here is recommended to be applied at a rate of 10ml / L of the spray solution for boomspray application. The rate used however will vary depending upon the conditions at the time of use and the application guidelines specified on the active chemical labels. If in doubt about the appropriateness of using Ad-Here Spray Adjuvant, please test by application to a small area before using it on a full scale basis.

GENERAL INSTRUCTIONS**MIXING**

Follow the directions on the active chemical label. The spray tank should be half filled with water then with the agitator operating Ad-Here Spray Adjuvant should be added to the tank after the addition of the active chemical. The tank should then be filled to the operating volume required. Agitation should continue until completion of spraying.

COMPATIBILITY Ad-Here is compatible with the following products however all instructions on the active chemical label must be strictly followed.

PRODUCTS	TYPE	RATES	CRITICAL COMMENTS
Thidiazuron and Thidiazuron + Diuron products for defoliation Echem Thi-Ultra, Echem Thidiazuron 500	Cotton Defoliant	Ad-Here 1L/ha with Defoliant products	
Select*	Selective Herbicide	Ad-Here 1L/100L of Spray Volume and a non-ionic wetter	
Verdict*	Selective Herbicide	Ad-Here 1L/100 L and a non-ionic wetter 200 ml/100 L of Spray Volume.	Do Not use Ad-Here on Canola or Field Peas.
Targa*	Selective Herbicide	Ad-Here at 1% and a non-ionic surfactant at 0.1% of Spray Volume	Do Not use Ad-Here on vegetable crops, use a surfactant only
Sertin* 186 EC	Selective Herbicide	Ad-Here 1-2% of Spray Volume	Use specific rates as detailed on the Sertin label
Express*	Selective Herbicide	Ad-Here at 1% and a non-ionic surfactant at 0.1% of Spray Volume	Only use Ad-Here when applying Express by itself from the air.
Certain ULV Insecticides	ULV Carrier	Ad-Here 3-5L/Ha as specified on the insecticidal label.	

NOT TO BE USED FOR ANY PURPOSE OR IN ANY MANNER CONTRARY TO THIS LABEL UNLESS AUTHORISED UNDER APPROPRIATE LEGISLATION.

CROP SAFETY

Refer to the directions on the active chemical label.

SPILLAGE

In the event of spillage absorb onto sand or chemical absorbent. Remove residue with detergent and hot water. Dispose of by normal waste disposal methods conforming to local authority codes.

PROTECTION OF WILDLIFE, FISH, CRUSTACEANS AND ENVIRONMENT

Do not contaminate streams, rivers or waterways with the chemical or used containers.

STORAGE AND DISPOSAL

Keep out of reach of children

Store in the closed, original container, in a well ventilated area, out of direct sunlight. Triple, or preferably pressure rinse containers before disposal. Add rinsing to spray tank. Do not dispose of undiluted chemicals on site. If recycling, replace cap and return clean containers to recycler or designated collection point.

If not recycling, break, crush, or puncture and deliver empty packaging for appropriate disposal to an approved waste management facility. If an approved waste management facility is not available, bury the empty packaging 500 mm below the surface in a disposal pit specifically marked and set up for this purpose clear of waterways, desirable vegetation and tree roots, in compliance with relevant Local, State or Territory government regulations. DO NOT burn empty containers or product.

SAFETY DIRECTIONS

May irritate the eyes and skin. Avoid contact with eyes and skin. Avoid inhaling vapour or spray mist. When using the product wear protective clothing. After use wash thoroughly with soap and water. After each days use wash contaminated clothing. WHEN USING TOGETHER WITH OTHER CHEMICALS CONSULT THEIR SAFETY DIRECTIONS.

FIRST AID
